W3C and the origin of the web

1989

Tim Berners-Lee
invented the
World Wide Web

1994

W3C is founded by
Tim Berners-Lee at MIT,
together with Inria

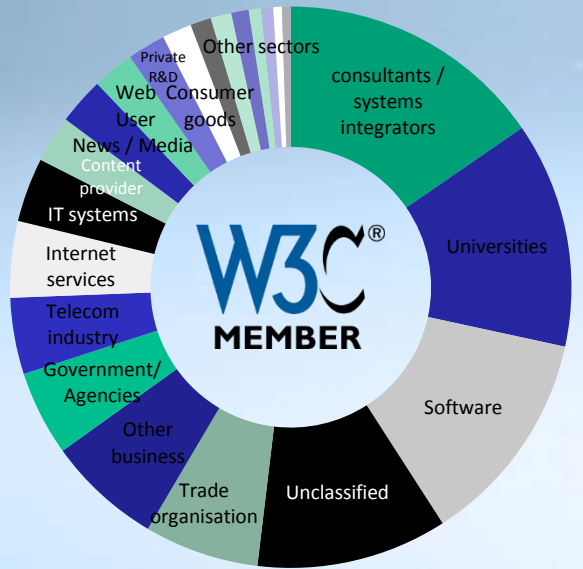

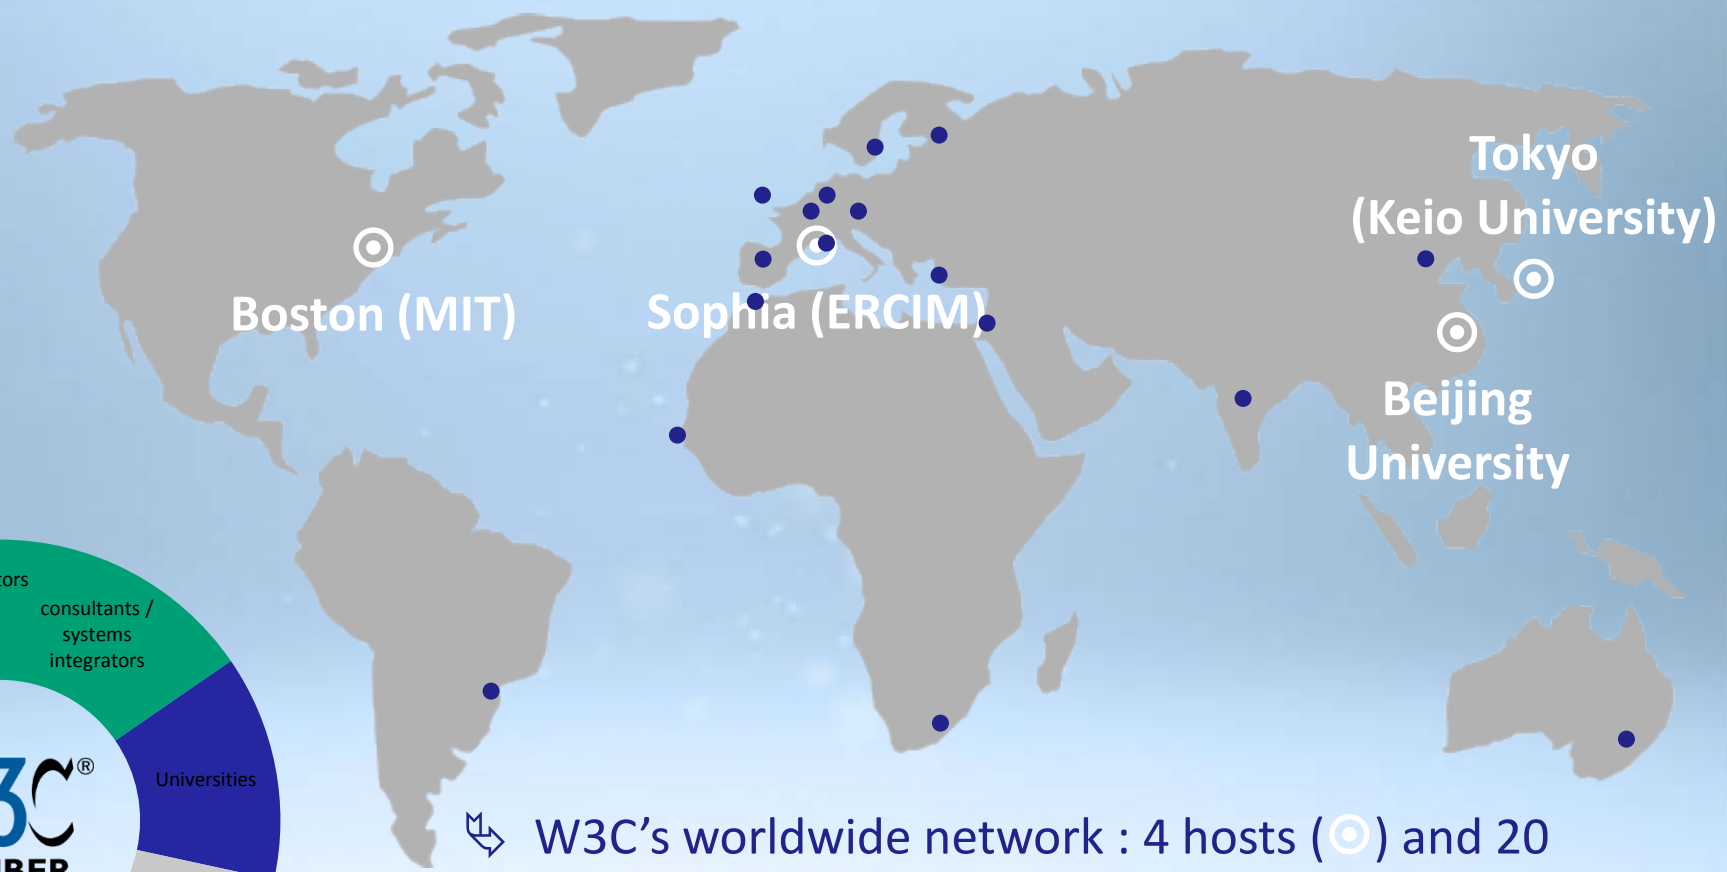

Sir Tim Berners-Lee
Web Inventor and
W3C Director

W3C's mission is to ensure the
long-term growth of the Web with
the vision of **ONE WEB FOR ALL**

- **220+ Web standards:** (HTML, XML, PNG/SVG, RDF/OWL/SPARQL, Accessibility....)
- Translations of standards to 55+ languages
- **1,800+ participants** in 60+ Groups
- Liaisons w/ 40+ global standards organizations (UN, ISO, ITU, IETF, OGF, Unicode, ICANN, ETSI, Isoc...)
- **55,000+ people** subscribed to 800+ mailing lists
- Millions of hits/day on www.w3.org

W3C : an international community with 4 hosts

↪ W3C's worldwide network : 4 hosts (⊙) and 20 offices (•)

↪ 394 members from 30 countries and various sectors

Few W3C members

W3C Benelux Office hosted at Centrum Wiskunde & Informatica (CWI)

- Since 1998, the W3C Benelux Office is based at CWI in Amsterdam

- CWI is where the **European internet** started (17 Nov. 1988) and where **.nl** was registered (25 April 1986); >160 researchers, 22 spin-offs
- Web related R&D since the mid-1990s; many W3C activities;
Ivan Herman (Digital Publishing Lead) and
Steven Pemberton (XForms co-chair;
HTML chair for many years)
based at CWI;
CSS, SMIL, RDF, ...

Office Activities

- Regional contact point for members
- Outreach, such as a series of masterclasses with **ISOC.nl** on CSS, Xforms, HTML5, WebRTC and Web apps; Web Payment IG; hosting events with members such as EIII for Accessibility

- With ISOC & RIPE: Annual New Year's Internet event with stakeholders
- Representation of W3C during events & talks
- Meetings with current and potential members

To Lead the Web to its full potential

To Anticipate the Trends

To Increase your company value
